

NGOC League 3 – Moseley Green – 29th November 2008

Dear All

Due to a technical problem, we (I) managed to lose the downloaded times for the first 30 runners to finish. Later on, the Start and Finish boxes were checked and the results were reconstructed.

However, because we only checked the start/finish and not all of the control boxes, we were not able to validate whether those 30 runners completed their course successfully.

I've published the results with the assumption that all 30 were successful and the splits page indicates those who were affected – they don't have any splits times.

Please would you check that your times are correct and let me know if there's anything wrong. Also, please tell me if you retired your run so that the league positions are correct.

Apologies for the inconvenience

John Fallows
